ABOUT ME

Hi there! I'm frontend developer with experience in building single-page applications, based on React.js, Redux.js with Typescript. I focus on code quality, following trends, learning new technologies and improving my hard skills and English. I open for full-time/part-time remote or hybrid work and new frameworks (Angular, Vue).

SKILLS

- Javascript / Typescript
- React / React Native / Redux
- HTML5 / CSS3 / SCSS / SASS
- Rest API / Axios / Postman
- Unit tests / Storybook
- Material UI
- Git
- ESLint / Prettier
- Webpack
